

Planting the Garden (1)

[print_link]

We started planting the garden with transplants including **Peppers** (Red Bell, Green Bell, Jalapeño, Hot Hungarian Wax, and Sweet Banana), **Tomatoes** (Juliet Grape, German Johnson, Yellow, several big red tomatoes like Beefmaster, Big Beef, etc.), **Herbs** (Rosemary, Basil, Oregano, Thyme, Chives and Sage). Then we planted some Cucurbit seeds starting with **Slicing Cucumbers** (Stonewall, Marketmore, and Talledega), **Picking Cucumbers** (Excelsior and Jackson Classic), **Seeded Watermelon Sangria** and **Seedless Watermelon Gypsy**, **Squash Grey Zucchini** and **Squash Yellow Early Prolific Straightneck** and **Cantaloupe** (Halona, Athena).
